Thanksgiving Feast

Let's celebrate Thanksgiving in a way that is similar to the original Thanksgiving feast. Instead of each child bringing their own lunch, we will eat "family-style", with each child bringing something to share. We will have sign-up lists outside each room with specific items. Sign up to bring something on Nov. 17 and bring it with you to school when you drop off your child. If your item is something that will need to be re-heated, please bring it in a LABELED microwavable container. Please label your container!! You might even want to bring it in a disposable container! (Definitely do not bring it in your favorite and/or valuable container!) If your child does not usually come on Fridays and you would like him/her to participate, you are more than welcome to come with your child about 12 :00 and join us.

Flu Season

It is a fact of life that children's immune systems are not well developed. The single most effective way of preventing illness is handwashing—for 20 seconds!

We teach the children to actively wash their hands while they sing "Twinkle Twinkle" or the ABC song. The next best way to prevent illness is to keep your child home if he/she has any symptoms, including, but not limited, to loose stools and lethargy.

Lastly, get a flu shot!

Thank you to all of you who have kept your children home when they have been sick!

We who are healthy salute you!

On November 2, each child on the playground will be handed a roll of masking tape.

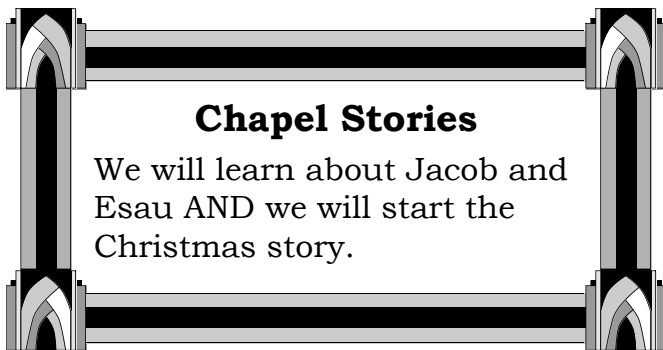

We will turn the playground into a giant spider web!

Pictures will be posted after the event!

Happy Birthday!!!!
